These folks started it all off as well as set the standard for good, local beer. They've been handcrafting beer and fresh local food since 1995. They're located in downtown Bellingham.

Fun Places to Explore

Historic Fairhaven... <https://www.fairhaven.com/>

Fairhaven is the artsy side of Bellingham. There are lots of shops bursting with creative ingenuity, the Village green which hosts events including the Farmer's Market on Wednesdays, great restaurants and an inspiring way to spend an afternoon.

Downtown Bellingham... <https://www.downtownbellingham.com/shop-explore-v2/>

Meander around downtown Bellingham. You'll find a strong sense of community, unique shops you'll only find here and entertainment like the UP Front Improv theater and Pickford

movie theater...both offering a very different kind of evening. Mt. Baker theater has something going on almost every night as well. Check out the website to see the full spectrum.

Squalicum Harbor... <https://www.portofbellingham.com/>

This is my favorite place in the world. The harbor is beautiful and has much to offer. Literally 10 minutes away from [Charter Boat B&B](#) there are a number of restaurants, America's Cup coffee stand where you can find baked goods by our resident soon to be pastry chef, a wonderful 5 mile walk around the marina and Zuanich park where you can watch all the boats out on Bellingham Bay. The sunsets are spectacular!

Services

Viking Food... <https://www.ordervikingfood.com/>

Viking Food delivers food from many different restaurants right to the door. Prices are reasonable and they'll bring you just about any cuisine you can imagine.

Uber... <https://www.uber.com/cities/bellingham/>

Uber is very much available in Bellingham and will take you anywhere you want to go.

If you have booked a room with us as a charter boat sailor or power boater we will transport you from the airport or Bellaire Airpoter shuttle to the marina to check in with your charter company and back to our bed and breakfast. I know this can be a few trips depending on your check list with San Juan Sailing or NW Explorations and we're happy to accommodate. We will also take you to pick up your provisions before heading down to the boat for your adventure. If you're staying with us on both sides of your charter we will also pick you up after you dock and bring you back to the B&B.

The dishes are provided to make your stay more comfortable. Please leave them on the washer in the laundry room and we'll take care of them. If you're staying more than one night we'll get them back on the shelf before you return from your day's activities.

If there is anything Jennifer or I can do to make your stay more comfortable please let us know. I am usually on my boat so texting me at 206-354-5634 is the best way to get a hold of me. I will get right back to you.

A Few Notes

We have a few requests & want to let you know a few things to make your stay more pleasant;

Please park on the street in front of the house. Your car will be safe there and not have to experience the damage caused by the big dip in the driveway when you try and pull in.

Please take your shoes off upon entering the house from any direction. There is a closet by the entrance door that you are welcome to put them in.

The bathroom sink has a gravity issue given its design. If you turn the water down to almost off after initially turning it on for a minute the water will drain out of the sink.

The dresser is an antique and therefore a bit delicate. If you want a place to put your folded things please use the cupboard to the left of the fridge in the built in wall unit.

There is a small dog living in the main house. He takes his job of protecting Jennifer quite seriously. He may bark for a moment when you first come back to the house but will settle quickly. He's a little sweetheart with a big dog personality. His name is Sebastian.

There is also a black kitty who lives here. She spends most of her time outside. Your door to the patio is also her cat door. We leave the door to the main house from the laundry room slightly open so she can come in and out whenever she wants. Please keep your bedroom door closed so she doesn't bother you. Her name is Sweet One.
